ARDILA – 411660132

excl. 1x E27 · max. 40W

- **Switch**
- **Dusk sensor**
- **IP44**
- **Lamp(s) not included**

Our ARDILA series gives you timeless modernity in your outdoor area. The extraordinary design with a glass shade provides atmospheric light accents and a pleasant atmosphere around your home. The bollard light has a twilight sensor that switches on automatically as darkness falls and can be switched off via an integrated switch if required. Due to the IP44 protection class, the luminaire is particularly weather-resistant. The luminaire is a high-quality eye-catcher in your outdoor area thanks to the elegant design made of glass and black matt die-cast aluminium. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment. ☒ ☒

Material construction

Diecast aluminium · Black mat
Glass · Transparent clear
