ARDILA – 511660132

excl. 1x E27 · max. 40W

- **Switch**
- **Dusk sensor**
- **IP44**
- **Lamp(s) not included**

Our ARDILA series gives you timeless modernity in your outdoor area. The extraordinary design with a glass shade provides atmospheric light accents and a pleasant atmosphere around your home. The bollard light has a twilight sensor that switches on automatically as darkness falls and can be switched off via an integrated switch if required. Due to the IP44 protection class, the luminaire is weather-resistant. The luminaire is a high-quality eye-catcher in your outdoor area thanks to the elegant design made of glass and black matt die-cast aluminium. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment. ☒☒

Material construction
