

Table lamp

GARCIA – R54066101

incl. 1x SMD, 1W · 1x 15lm, 3000K

- **Switch**
- **RGBW Colorchanging**
- **Rechargeable battery operated**
- **IP44**
- **Solar**
- **Not dimmable**
- **Recharging USB-C connection**

If the GARCIA solar light can do anything, it is shine colourfully! Thanks to the integrated RGBW colour changer, the luminaire creates an atmospheric ambience and inviting light accents in your home. The solar panel on the lamp allows the light from the sun to be captured and converted into electricity, making the table lamp an energy-saving and flexible lighting alternative. The integrated battery of the GARCIA can also be charged via USB-C connection. Due to the protection class IP44, the table lamp is protected against splashing water and is perfectly suitable for your outdoor area. Due to the white plastic design, the light is optimally reproduced and the luminaire fits easily into any indoor or outdoor area. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Material construction

Plastic · White

Product dimensions

Height: 20cm
Diameter: 13cm
Weight: 0,39kg

Technical data

Light source: SMD – LED (integrated)
Watt: 1W
Lumen: 1x 15lm
Kelvin: 3000K
Color rendering (CRI): > 80 CRI
Lifetime: 30000H
Switching cycles: 15000x ON/OFF

operating voltage: 230V ~ 50Hz
Protection grade: 3
IP classification: IP44
